# MX KEYS COMBO FOR BUSINESS | GEN 2

Performance Combo: MX Keys for Business, MX Master 3S for Business, and MX Palm Rest

### The ultimate performance combo, perfected.

Our top-of-the-line combo is now paired for even greater performance.

The improved MX Master 3S mouse's Quiet Click feature makes 90% less distracting click noise<sup>1</sup>, and its 8,000 DPI optical sensor offers precision tracking on high-resolution monitors. The mouse's contour shape fits the hand perfectly, and the ingenious MagSpeed wheel is our fastest and most precise scrolling experience.

The full-size, auto backlit keyboard integrates a metal plate for stability, with the MX Palm Rest as the perfect companion for all-day comfort. The Perfect Stroke keys are spherically dished, matching fingertip shape for a natural keystroke.

This combo addresses increasing IT security needs with Logi Bolt technology for secure, robust connections even in congested wireless environments. And it's pre-paired to both devices for easy deployment and management<sup>2</sup>. This duo is ready for any job.

- Both devices pre-paired to one Logi Bolt USB receiver<sup>3</sup>—easy to deploy
- Includes Logi Bolt secure wireless technology
- Smart keyboard backlighting: hand proximity sensors turn the backlighting on and ambient light sensors adjust backlight brightness
- Microphone mute, talk-to-text, and other customizable F-Keys
- Quiet Click feature makes this a near-silent mouse
- Speed and precision with 8,000 DPI optical sensor tracking—even on glass<sup>4</sup>
- Switch between up to 3 paired computers using Easy-Switch button
- Produced using low-carbon aluminum<sup>5</sup> and made with plastic components with a minimum of 26% post-consumer recycled plastic<sup>6</sup>
